Amazing 1st official meet of the season. It was great to be back and competing again. There were several stand out performances- Yariel, Kennedy & Emma with their records, but as we talked about there- so many of you had better 2nd races than your 1st races. It's February and if you can do that it means that you are racing- if you keep doing that then you will continue to drop time and will be back up here on 3/3 to compete at the state meet and make the podium!

Keep doing the little things and keep fighting for what you want- it's starting to pay off!!

Quote of the meet: "I'm so nervous..."

Valerie as she was getting ready for her first meet since middle school. You raced with an edge and looked great being aggressive. As we continue to train you will be where you want to be- welcome to Elk track & field, we are excited you are with us!!
