Elks Track & Field 2016/17 Volunteer Opportunities

Noon Optimist Tree Lot

We work the tree lot in November and December- see coach Somerlot for information

Trivia Night

While this is a fundraiser, we will be the only people working it (no parents). There will be sign-up sheets for trivia graders, raffle prize patrol, silent auction workers, 50/50 raffle, set up, tear down, pizza delivery, concession sales. Saturday 2/4/17

Warrior Elk benefiting Lupus Foundation

We will do this event again this May 2, 2017, at Wayne HS. The gate will go towards the charity but if any family or individual would like to make a donation we will make a team donation that night. I would love to have each team member donate \$1, if possible. We plan to honor a Wayne track athlete who is fighting this disease with donation going in his name.

Middle School Track Clinics

We will be hosting track clinics on each Friday in March and April, throughout the track season. We would love to have upper classmen/women do this, but it is open to all team members.

Track Meet Workers

As a way to keep costs down, we host a series of meets all track season here at CHS. With that there is a need for workers at these meets. It is important that every team member pitches in and works at events. There will be a schedule posted each week for sign up opportunities. If everyone works then everyone will only have to work once or twice all season.
