

September 19, 2014

Good morning guys-

As some of you may have heard, one of our own is in a battle. Jesse Mueller, class of 2014, was recently diagnosed with Burkitt Lymphoma and has begun chemo treatments. The cross country and track teams would like to make a donation to Jesse and his family. This donation will allow them be able to support Jesse in whatever way they need to (gas cards for treatments trips, food for Jesse and the family and hotel stays during treatment).

We have decided to sell neon green socks for \$5 a pair. Neon green is the color for Burkitt Lymphoma and September is awareness month for this cancer. As soon as we sell all of the socks we will be gathering to take a picture with everybody in their socks and will have cards available to sign for Jesse. If you would like to make a larger donation please make the check out to Centerville track & field. We will be writing a large check form our account once we have sold the socks.

Please come see me to buy the socks and please keep Jesse and his family in your thoughts. Jesse is very strong and will fight like crazy but he needs our support and positive thinking!

All the best and thank you!

Coach Somerlot

- I encourage you to google "Burkitt Lymphoma" for details on what Jesse is fighting.
- On FaceBook go to Find New Groups. Go to the search bar and enter **Jesse's Journey**. Once you click on the group, you should be able to click + Join Group.
